PROFILE

Founder of MAV8. I build AI agents, automations and digital business systems. My approach combines technology, product thinking and experience running businesses to turn complex processes into practical solutions — from concept to implementation.

CORE EXPERTISE

AI & AUTOMATION · AI agents, LLMs, n8n, APIs, integrations, RAG

DIGITAL PRODUCTS · MVPs, web platforms, UX, product development

BUSINESS SYSTEMS · CRM, sales workflows, operations, process optimization

PROFESSIONAL EXPERIENCE

2026 — PRESENT

MAV8 · FOUNDER

AI, Automation & Digital Systems company

- Developing MAV8 as a B2B services company and digital solutions and education ecosystem.
- Focus: AI agents, business automation, internal systems, analytics and digital products.

2024 — PRESENT

INDEPENDENT AI & DIGITAL PROJECTS

AI Automation / Digital Product Development

- Designing AI assistants, agentic workflows and integrations with OpenAI, Claude, n8n and Supabase.
- From business problem definition to prototypes and practical implementation.

2021 — 2025

ENGLISH LANGUAGE SCHOOL

Founder · Kyiv, Ukraine

- Founded and managed a school across education products, marketing, sales and operations.
- Developed an education platform in 2023. Successfully sold the school in 2025.
